PROSPECTUS

Welcome To Koshi College

Introduction

Koshi Saint James School/College was established in 2053 B.S. by a group of young teaching professionals to address the need for a quality educational institution for the growing town of Itahari at the time. Their dream was to create a school with enriched learning set-ups, highly interactive classes, pervasive reading culture and high-calibre teachers capable of embedding best practice principles and valued global educational trends.

Over the past few decades, this institution has come a long way. This is an acclaimed regional school/college now with thousands of its students placed in the wider world as company CEOs, government officers, police/military officers, chartered accountants, bankers, engineers, medical doctors, educators, journalists and all. Some of its students have achieved distinctions becoming national board and regional toppers. Others have proved their worth by becoming writers and entrepreneurs, and are shining in their career paths.

Koshi now is a huge seat of learning, with its numerous students excelling in Management Studies, Science and Computer Application. It was awarded by Nepal government as one of the best regional schools in 2076. It also won International School Award (ISA) from the British Council in 2078. We are working hard to develop this esteemed school/college into a centre of excellence in the nearest future.

12 REASONS TO CHOOSE KOSHI

“Koshi is a college noted for creative learning and innovative ideas with a culture and environment necessary for personality development.”

PRIME LOCATION

Our college stands at a key location in Itahari – within just a few minutes’ walk from the city centre. Students in the immediate neighborhood come to college on foot. For students from faraway places there are bus services available.

QUALITY HUMAN RESOURCES

Koshi is an enriched learning set-up with a team of exceptionally brilliant & experienced teachers. Every teaching professional here values the hedgehog concept. He/She does not care to know little of everything but works hard to know one big thing.

TUITION AND SUPPORT

We give excellent support classes to students in need. We place our focus on weak students, and try to raise their standard & morale so that they are capable of achieving good results. We also run additional support classes for our students to prepare for engineering & medical examinations.

INFRASTRUCTURE

Our college has three excellent buildings with well-ventilated & spacious classrooms where students learn, present, interact, and enjoy deep intellectual engagements.

ACADEMIC EXCELLENCE

Our college is acclaimed for quality classroom & student-oriented research works & their presentations. Perhaps this is the reason why we have been Purwanchal Topper for a number of times and Koshi Province topper for a time. We also have had BBS and BCA scholars placed in TU Board Toppers’ lists.

EXTRA/CO-CURRICULAR ACTIVITIES

We encourage students to participate in a number of sports and other activities, and try to develop in them a competitive spirit. We regularly organise cricket, football, basketball, oratory, quiz, Koshi Idol and dance competitions. Competitions also include several other indoor/outdoor games.

SCHOLARSHIPS

We have a number of scholarship schemes for gifted and marginalized students. We grant Koshi Ambassadorship Award to ten KAA exam toppers. We also grant special cash awards & full/partial scholarships to entrance test toppers, term exam toppers and to students from marginalized communities.

TRANSPORTATION

We own 10 college buses. Students from Inaruwa, Duhabi, Bhaunne, Taltalaiya, Kalabajar, Chakraghatti, Chatara, Prakashpur, Rajabas, Tinpaini, Tarahara, Panchayan and Ichoul come to college on the buses everyday enjoying the sight of the beautiful cityscape.

FACILITIES

The college has a modern computer lab. Also, we own three science labs for Physics, Chemistry & Biology. A huge library with several thousand books and a spacious seminar hall are further attractions. In addition to these, we have a power-generator for 24-hour power supply. Clean & cool drinking water is available for all students. We also have a huge cafeteria with hygienic & high quality foodstuff.

PROJECT-BASED LEARNING

Our teaching is mostly ISA project-based. Students here work hard putting together the ideas they learn, and making something out of these. This not only strengthens their concept-building & visualizations but also immensely enhances their life skills. Every year we organize a mega-exhibition in which students display their high-quality project works. Thousands of visitors come to view the expo and appreciate the way our students do their jobs.

CULTURE OF LEARNING

We encourage our learners to learn on their own. We allot time for them to go and read library books of their interest. At times, we invite renowned writers, entrepreneurs, thinkers, poets, artists, musicians, bankers, medical experts & engineers to our college to share their success stories.

EXPOSURE TRIPS

Every year we take our students out on exposure visits. Our science students greatly enjoy their tours to science cities, planetariums, botanical gardens & eco-parks. Our management scholars visit industrial sites and IT parks and prepare field research reports based on their observation and experience.

Message From the College

Mr. Manu Manjil
Chairperson

Mr. Shashi Shrestha
CEO

Mr. Anant Kumar Subedi
Principal

Dear Parents/Guardians,

Koshi has evolved into a huge educational institution. It is now known across the region for its quality, standard & achievements, thanks to your continued feedback & support. Over the past decade we worked hard to put together sharp, gifted & dedicated teaching professionals, quality learners, state-of-the-art technical apparatuses, workplace surveillance mechanism and student support systems.

We have developed a wonderful reading culture, interactive classrooms, project-based learning methods & research wings. We, thus, have created opportunities for students for their meaningful involvements. We have tried to bring all our focus on core skills like standard communication, student research & presentation, digital capability, critical/creative thinking, problem-solving, global citizenship & social/humanitarian services. We believe that students do not, and cannot, learn until they do, and do in quality ways. We seek finesse in everything they do, say or create.

The society should shine when our young scholars walk down the streets. We want students to not just shine on career paths, but also, as good global citizens with a heart & mind, to serve the community, country and the humanity at large. Let us together create an atmosphere where students can truly enjoy joyful intellectual engagements.

Vision

To be distinguished as an eminent higher education institution by offering quality education, focusing on excellent holistic development of students.

Mission

- To create an excellent environment fostering professional competencies of students
- Inclusive and accessible quality education for all.
- Enhanced quality education.

Goal

- To adopt comprehensive and conversant educational management information system (EMIS).
- Offer responsive student support services.
- Invest in infrastructure development that promotes quality education.
- Assimilation of innovative and student-centred pedagogical approaches.
- Encourage research activities and publications.

+2

MANAGEMENT

LEVEL : SECONDARY**DURATION: 2 YEARS**

If you aspire to have career prospects in areas of administration, banking and business, Koshi Management +2 Programme will give you an excellent grounding.

WHY STUDY THIS COURSE?

This two-year course is designed for those who look for management and business operation skills. Students in this stream learn the essence of management that it is an organized effort. On completion of this course, students will pave their way to careers in banking, insurance, public administration, etc., and also learn to manage their own life-affairs.

ENTRY REQUIREMENTS

You need to be an SEE graduate or equivalent with GPA 1.6 & above to be able to join this course. You are required to sit through an entrance test and interview prior to enrollment. You must be keen, smart & self-disciplined.

WHAT WILL YOU STUDY?

You will study a range of subjects such as:

- > English
- > Nepali
- > Economics
- > Accountancy
- > Social Studies & Life Skills / Maths
- > Business Studies / Computer / B. Maths

HOW WILL YOU BE ASSESSED ?

Your knowledge will be assessed through a variety of methods, such as your project works, written tests, oral tests, practical tests and mass presentations.

WHAT CAN YOU DO AFTER THIS COURSE?

After completing this course, you can join BBS, BBA, BIM, BCA, CA, BHM, Hospitality Management & Public Administration courses for your college degree.

+2

SCIENCE

LEVEL : SECONDARY**DURATION: 2 YEARS**

Studying +2 Science at Koshi will give you a solid base for your excellent careers in the fields of medical science, engineering, environment science, horticulture, agriculture, forestry, food technology, microbiology, IT, nursing and general sciences.

WHY STUDY THIS COURSE?

This two-year course is especially designed for students seeking a solid foundation for higher studies in the areas of medical science & engineering.

ENTRY REQUIREMENTS

You need to be an SEE graduate or equivalent with GPA 1.6 & above to be able to join this course. You are required to sit through an entrance test and interview prior to enrolment. You must be keen, smart & self-disciplined.

WHAT WILL YOU STUDY?

You will study a range of subjects such as:

- > English > Nepali
- > Physics > Chemistry
- > Social Studies & Life Skills / Maths
- > Biology / Computer Science

HOW WILL YOU BE ASSESSED ?

Your knowledge will be assessed through a variety of methods, such as your project works, written tests, oral tests, practical tests and mass presentations.

WHAT CAN YOU DO AFTER THIS COURSE?

You will gain a qualification, and knowledge of the fundamentals of science for securing your place in MBBS, BE, B.Sc. Nursing, B.Pharm, B.Tech., B.Sc. Ag., B.Sc. CSIT, BIT, BCA, etc.

BACHELOR IN BUSINESS STUDY (TU AFFILIATED)

If you have set your eyes on administrative, commercial or managerial careers, you had better join BBS.

WHY STUDY THIS COURSE?

This programme offers specialized courses in areas of marketing, finance & HRM. BBS graduates, on completion of the 4-year course, will be eligible to become accounting officers, finance officers & managers. They will have skills related to insurance, internal auditing, administration, etc. and will exhibit skills as finance analysts, venture capitalists and entrepreneurs.

LEVEL : BACHELORS

ENTRY REQUIREMENTS

Students who have passed the intermediate/PCL, +2 or its equivalent in any discipline with minimum 40% marks or 1.6 GPA can apply. You must also be highly motivated & self-disciplined. You need to sit for an entrance test & interview prior to your enrollment.

WHAT WILL YOU STUDY?

You will study a range of subjects such as:

- > English
- > General Management, Marketing
- > Accountancy, HRM, Economics
- > Finance, Management Science
- > Research Methodology, Statistics, etc.

DURATION: 8 SEMESTERS

HOW WILL YOU BE ASSESSED ?

Your knowledge will be assessed through a number of methods, such as your research skills, project works, written/oral tests & academic presentations.

WHAT CAN YOU DO AFTER THIS COURSE?

On completion of this course, students will be qualified to join MBA, MBS, MPA and other post graduate courses.

BACHELOR IN COMPUTER APPLICATION (TU AFFILIATED)

LEVEL : BACHELORS

DURATION: 8 SEMESTERS

If you have dreams to become a computer professional in the future, join Bachelors in Computer Application (BCA).

WHY STUDY THIS COURSE?

This 4-year (8-Semester) course is especially designed for students who are seeking career prospects in the fields of software. On completion, they can join software companies like Info-Sys, TCS, Google and WIPRO. They can also pursue the courses like M.Tech, MBA-IT, MIT, and MCA in the future.

ENTRY REQUIREMENTS

Students who have passed the intermediate/PCL, +2 or its equivalent in any discipline with minimum 40% marks or 1.6 GPA can apply. You are required to sit through an entrance test & interview prior to enrollment. You must be highly motivated, disciplined & smart.

WHAT WILL YOU STUDY?

You will study a range of subjects such as:

- > Computer application
- > Mathematics & Statistics
- > Programming Languages
- > Computer Hardware & Networking
- > Mobile apps development
- > Elective courses (AI, Multimedia, etc.)
- > Projects & Internships

HOW WILL YOU BE ASSESSED ?

Your knowledge & skill will be assessed through a variety of methods, such as your class assignments, project works, written/oral tests and lab/classroom presentations.

WHAT CAN YOU DO AFTER THIS COURSE?

You will be eligible to join MCA, MBA, MIT, M.Tech., etc. in the future. You can also get an access to software companies and enjoy excellent careers there.

Scholarship, Financial Aid & Awards

Koshi Ambassador's Award (KAA)

KAA is a form of scholarship granted to ten highly motivated and talented students selected through a rigorous KAA competition. Ten KAA list toppers get a full scholarship for both years in +2 programme in the streams of Management and Science.

Need-Based SCscholarship

Need-based scholarship of up to Rs. 20,000/- is awarded to the needy students after careful perusal of their supporting documents.

Merit-Based Scholarship/Awards

Koshi awards a 3-month freeship to each term-exam topper. +2/College toppers in each stream get a cash prize of Rs. 5000/- at the year-end. A +2/TU Board topper from our School/College gets recognized with a special cash prize of Rs. 25,000/- plus felicitation.

Awards

Koshi grants special cash awards and honours to outstanding achievers in +2/TU Board exams, sports and other cultural activities. They need to prove Koshi's worth through laudable performances and earn it dignity & public acclaim.

Freeship & Partial Scholarship

A. BASED ON ENTRANCE TEST:

Full Scholarship for XI, BBS-I

- Stream topper
- 80% & above in Entrance test

Partial Scholarship for XI, BBS-I

- 70% & above : 100% in admission
- 60% & above : 70% in admission
- 50% & above : 40% in admission
- 40% & above : 20% in admission

B. BASED ON SEE RESULT:

GPA 4.0 : 2-year full scholarship
GPA ≥ 3.95 : 1-year full scholarship
GPA ≥ 3.9 : 100% in admission fee

TESTIMONIALS FROM PARENTS

Koshi college is a wonderful educational institution for students to go to. High-profile faculties, excellent facilities, sophisticated technology, serene atmosphere and student support systems together make this college a unique learning set-up in our town. I'm fully satisfied as a parent.

- Yasoda Sene
Manager, Sanjivani SACCOS

Koshi Saint James College gives you the feel of an excellent teaching-learning environment. There is a great deal of focus on student safety, project-based learning, research and use of cutting-edge technologies. The transportation services are very reliable. As a guardian I feel confident about my child's education & well-being here.

- Prem Karki
Vice-Principal, Morang Adarsha Sec. School

Koshi has a majority of young and brilliant teachers. They truly understand time-borne changes, and address the needs and aspirations of the generation z. All games & sports, all activities & fun, art work and outing are so nicely integrated with teaching & learning. I have nothing but appreciation for the internal mechanism that this college has developed.

- Upendra Kumar Rai
Lecturer, Janta Multiple Campus

My child is happy being a student at Koshi Saint James College. She particularly likes supportive teachers, friendly atmosphere, interactive classrooms and library reading sessions. She has learnt a lot of skills like report writing, public speaking, collaborative work ethics and digital know-how. As a parent, I appreciate the college's focus on student discipline & fun-learning.

- Saroj Dahal
Teacher, Janak Ma.Vi., Barahakshetra

I feel I was wise to choose this college for my child's higher education. Young scholars in their formative years from this college have time & again placed themselves in the list of regional and national board toppers. Also players and artists from the college have won many regional, national & even international awards & honours. I am a proud parent of this institution.

- Tej Bahadur Niraula
Principal, Hamro Boarding School, Itahari

TESTIMONIALS FROM STUDENTS

The time I spent at Koshi is memorable. It remains the strongest part in my build-up. The college provided me with all sorts of opportunities to improve & shape up my mind-set, my character traits, my creative adventures, my unfailing confidence, my language, my critical thinking, presentation skills & what not? I truly feel proud of being a Koshian, and recommend new batches of students to go and join this great educational institution.

- Sharada Adhikari
Officer, Nepal Rastra Bank

I'm glad that I made the perfect choice by getting into Koshi for two of my important academic years. I will stay forever grateful for the exceptional teaching learning, extra-curricular activities & solid confidence - building measures here. I feel I learnt a lot-not just academics but essential personality traits & technological knowhow from this great institution & its wonderful teachers.

- Anuja Poudel
Officer, World Bank

A near-perfect academic set-up. Two years here really transformed me into a career-conscious and responsible citizen, thanks to the friendly ambience. This college taught me to explore and dream. It taught me culture, discipline and decency and gave me wings to soar high. I feel very lucky to be part of this great educational institution.

- Manoj Bhattarai
Officer, Ministry of Foreign Affairs

I am profoundly grateful to Koshi Saint James for providing a phenomenal learning environment. I enjoyed and learnt a great deal from diverse extra & co-curricular activities. The student outreach programmes, social service activities, field research and human approaches still rankle in my mind. My gratitude to all great teachers of this college for being instrumental in laying a solid foundation for my career.

- Aastha Ghimire
Officer, Agricultural Dev. Bank

If there is something we wish to get, that, most probably, is the power of persuasion. I found this power at Koshi, for it nurtured me with the motivation to be a lifelong learner, a dedicated teacher, and a strategic school leader. Beyond the four walls, Koshi instilled in me the resilience to face challenges and the empathy to lead others. Today, as I lead a community school, I carry the values and the excellence that were once woven into me here. Koshi does not just award degrees; it carves the architects of future society.

- Hemraj Bishwakarma
Head Teacher, Chandeshwar School, Bhojpur
